Dear Robyn

I am very pleased to advise you that the National Heart Foundation of Australia has agreed to endorse the ASPREE trial. This is an important study and the research findings will be of great interest to the Heart Foundation as well as to CVD researchers within Australia and globally.

Please let me know if there is anything else you require us to do at this stage.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Lyn Roberts".

Dr Lyn Roberts AM
Chief Executive Officer – National
